Thanks, Dave. My suggestions for briefing:

Pilgrim – full briefing from team for you and/or Ken

PSNH Merrimack – full briefing from team for you and/or Ken

PEDA – I can update you. I've been having back and forth with Robin and I think we're close on an approach for TSS. Should be able to route within next week or two

Schiller, NH – I can update you. Technical team has completed fact sheet and permit and transmitted to ORC

Monadnock Paper, NH – I can update you. Sharon is working on now – updating RP analysis based on ambient data collected using Clean Techniques. Should be ready for my review with 1-2 weeks.

Rouselout Peabody – John is working on BTA, not sure where Dave Gray is at, but my understanding is that he's waiting on BTA. I can find out more.

Let me know you're preferences, and timeframes for any full briefings. Thanks.

Damien

Here is a list of briefing for us to discuss and/or schedule with you and staff. It combined the previous list with the others I named today. Let's discuss, and consider which might be the most helpful in moving the permits.
